

## HEADPHONES

We request that headphones be purchased by parents. Please consider the type of plug on the left (see below), as it is easier to use with the devices. You can purchase earbuds or headphones, whatever you wish.

We do suggest that you keep them simple and small enough to place in a plastic ziplock bag with their name on it.

## MICE

**Grades 3 and 4:** We STRONGLY suggest that these students bring their own wire or wireless mouse (with batteries). We do have wire mice if you cannot provide this for your child. And for the FIRST TIME, these students will have their OWN computer for the year and the wireless chip can stay in the machine for the year. Please talk to your child about the proper care of their computer. If the device is broken, purposely or not, your child will have to use a replacement until it gets repaired, which can be costly to the district. Remind them, as we do daily, that drinks and food can NOT be used around their device, and the device should be plugged in when not in use!

**K-2:** We have plenty of wired mice for the younger students, and it's optional if you would like to provide one for your child.

**NOTE:** We can provide headphones and mice for those who cannot purchase them. We have plenty of leftovers from other years that your child can use. They are the headband type of headphones.

If you have any questions or concerns, please let Mrs. Rothblatt know at [mrothblatt@https.us](mailto:mrothblatt@https.us)
